91	Sines Deep Creek	Garrett	1960-1961
91	New Germany	Garrett	1957-1958
91	Oakland	Garrett	1935-1936
90	McHenry (2 NW)	Garrett	1986-1987
90	Oakland (1 SE)	Garrett	1969-1970
89	McHenry (2 NW)	Garrett	2010-2011
89	McHenry (2 NW)	Garrett	1991-1992
89	McHenry (2 NW)	Garrett	1987-1988
88	Frostburg (2)	Allegany	2013-2014
88	Savage River Dam	Garrett	1981-1982
88	Bittinger (2 NW)	Garrett	1968-1969
88	Bittinger (2 NW)	Garrett	1965-1966
88	Sines (Deep Creek)	Garrett	1940-1941
87	Sines Deep Creek (2)	Garrett	1967-1968
87	Oakland (1 SE)	Garrett	1957-1958
87	Mt. Savage Summit	Garrett	1942-1943
86	Oakland (1 SE)	Garrett	1964-1965
85	Frostburg (2)	Allegany	2003-2004
85	Savage River Dam	Garrett	1993-1994
85	Bittinger (2 NW)	Garrett	1959-1960
85	Oakland	Garrett	1944-1945
85	Mt. Savage Summit	Garrett	1941-1942

UPDATED 10/7/2025

**SOURCE:** 1) Applied Climate Information System (ACIS): <https://scacis.rcc-acis.org/>

2) National Centers for Environmental Information (NCEI),  
Climatological Data, Maryland and Delaware: <https://www.ncdc.noaa.gov/lps/cd/cd.html>

**NOTES:** 1) Snow Seasons run July 1st through June 30th.

2) Only stations with  $\geq 85$  Days of Snow Depth of  $\geq 1"$  are shown.

3) Snow Depth ties are in chronological order, newest to oldest then alphabetically.

4) Snow Depths have been inconsistent or non-existent through the years for many official stations. The data presented in the table, above, is the best information available, with some locations possibly having more days than shown due to missing days. Other stations may also have been listed had they had complete records or fewer missing days but were short of the minimum 85-day cut-off.

5) The Community Collaborative Rain, Hail, and Snow Network (CoCoRaHS) has stations that report Snowfall and Snow Depth but are not considered "official" until a new state record might be involved and after the National Weather Service's review of that station's siting and accuracy of record-keeping. Some more recent CoCoRaHS stations that, if they were official, would appear on this list of Greatest Number of Days in a Season with  $\geq 1"$  on the Ground:

Accident 3.9 E: 92 days in the 2018-2019 Snow Season

McHenry 4.8 SSE: 91 days in the 2013-2014 Snow Season

McHenry 4.8 SSE: 86 days in the 2009-2010 Snow Season
