NOTES: 1) *Italicized values* are ties, with the most recent date at the higher rank.

2) + indicates more occurrences in October, with only the most recent year shown. Prior to 1934, Trace amounts were also reported in 1930, 1929, 1917, 1903, 1895, 1890, 1889.

3) Prior to about 1940, sleet was not included in total snowfall in the Climatological Data publications for many years. This data table has been revised to include both snow and sleet in the totals per the additional information in the Local Climatological Data publications, where available, so current standard National Weather Service protocol is followed. This may result in differing values than previously published.

4) This data for Baltimore includes downtown locations (7/1/1883-7/22/1950, then Friendship/Baltimore-Washington International Airport (7/23/1950-Present).

STATION LOCATIONS	PERIODS OF RECORD
South & Water Streets (SW Corner) - Fireman's Insurance Bldg	7/1/1883 - 12/31/1888
Holliday & E Baltimore Streets (SW Corner) - Neal Office Bldg	1/1/1889 - 5/31/1891
W Monument St & Linden Ave (NW Corner) - Johns Hopkins Univ. Physics Lab	6/1/1891 - 9/6/1895
N Calvert & E Fayette Streets (SW Corner) - Equitable Building	9/7/1895 - 7/31/1896
532 N Howard Street - Johns Hopkins University Treasurer's Bldg	8/1/1896 - 12/31/1907
S Gay & Water Streets - Custom House	1/1/1908 - 7/22/1950
Baltimore-Washington (Friendship) International Thurgood Marshall Airport	7/23/1950 - Present
